Flashlight magnifier mobilux® LED, asphär. 4x, 16 dpt., D=60 mm

The mobilux LED flashlight magnifier from Eschenbach is particularly suitable for reading small print. It convinces in its easy handling and also has a large, easy to use light switch and an eyelet for a lanyard. The particularly scratch-resistant lens ensures high visual comfort, adjustable in 3 different light colours via a filter. Simplified battery change. Incl. case to attach to the lens.

• Aspherical PXM® light lens cera-tec® coated for sharp-edged, distortion-free imaging
• Easy battery replacement thanks to easy-to-operate battery cover and clearly defined battery position thanks to contact springs
• Improved comfort with lanyard eyelet
• The most suitable colour temperature can be pre-set using the 2 attachable filters provided.
• A third, attachable transparent filter bundles the light and increases the luminous intensity by up to 40%.
• No lamp change required
• The LED lighting used by Eschenbach Optik has a service life of approx. 50,000 hours.
• Up to 10x longer battery life than with a conventional light source
• Voltage control via step-up converter, thus constant illumination even at voltage drop due to low battery level
