

## D 156 Lid for ultrasonic bath

A suitable stainless steel lid for an ultrasonic bath protects the bath liquid from external contamination and prevents odours from the added cleaning or disinfecting agents. In addition, the noise emission during operation of the ultrasonic cleaner, which may be perceived as disturbing, is reduced. The lids are designed in such a way that any condensation water that arises is fed back into the tank.

□ Stainless steel

□ Suitable for RK 156/BH, DL 156 BH

item number	WL27057
model	D 156
manufacturer	BANDELIN
manufacturer item number	3004
length	270 mm
width	170 mm
height	50 mm
order unit	1 piece
content unit	1 piece
