

Solder fume extractor, Zero Smog 4V

- Extraction unit for use at up to 4 workstations
- The Constant Flow Control (CFC) function guarantees optimally regulated extraction for each individual workstation, regardless of the number of workstations connected.
- Electronic filter control with optical and acoustic alarm function
- Efficiency test via USB connection
- 4 castors for flexible use
- Remote control via RS 232 connection
- 4 different sets available
- Low noise level
- The extraction unit ZS 4V is easy to install and can be operated as a compact, central system. A powerful maintenance-free turbine guarantees continuous smoke extraction with a maximum flow rate of up to 230 m³/h. The CFC function automatically regulates the fan speed and optimizes the suction power required, thus reducing noise and energy consumption.

item number	WL27094
model	ZERO-SMOG-4V
manufacturer	WELLER
manufacturer item number	T0053660699N
length	345 mm
width	325 mm
height	505 mm
order unit	1 piece
content unit	1 piece
frequency	50/60 Hz
fuse	T1,6A
voltage	230 V
vacuum max	3800 Pa
noise level	48 dBA
volume flow max	230 m ³ /h
