

Chisel shaped soldering tip, 2.2 x 1 mm HT, C245407

The JBC C245407 soldering tip with chisel-shaped tip (2.2mm x 1mm) is a high-quality, high-temperature soldering tip that has been specially developed for precise and efficient soldering in demanding applications. It is part of JBC's C245 series and is compatible with T245 soldering irons, including models such as the T245-A, T245-PA and T245-NA.

Thanks to its optimized geometry, the C245407 soldering tip offers excellent heat transfer and achieves a thermal efficiency of up to 40%. This enables rapid heating and constant temperature stability, even for demanding soldering tasks.

The chisel-shaped tip is ideal for general soldering purposes, especially for soldering SMD components and applications with high performance requirements such as ground plane soldering. It ensures a precise and reliable solder joint, which is essential for professional applications.

An outstanding feature of the C245407 soldering tip is its exceptional durability. JBC Long Life Tips offer a service life that is up to five times longer than other brands. This is achieved through the JBC Most Efficient Soldering System, which includes sleep and hibernation modes. These features help to significantly extend the life of the soldering tip while improving energy efficiency.

The C245407 soldering tip is the ideal choice for professional soldering applications that require the highest precision, reliability and durability. It is an indispensable tool for electronics professionals who value quality and efficiency.

High thermal tip, 40% more efficient heat transfer to the tip

item number	WL27336
model	C245-407
manufacturer	JBC
manufacturer item number	C245407
GPSR manufacturer information	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
length with packaging	110 mm
width with packaging	12 mm
height with packaging	12 mm
order unit	1 piece
content unit	1 piece
product series	C245
Tip series	C245
with integrated heating	yes
tip dimensions	2,2 x 1 mm
tip length	10 mm
total length soldering tip	100 mm
tip shape	chisel-shaped
tip alignment	straight
suitable soldering iron	T245
suitable handpiece	T245
suitable handle	T245
ESD safe	no
