

Soldering tip Drag, 1,25 L, C245651

Special cartridge for through hole drag soldering.

This cartridge is 20mm longer than the C245751.

C245 cartridge range is the widest one of JBC with many shapes, sizes and special models.

They are appropriate for Through-Hole drag soldering components or for applications with high power requirements such as ground plane soldering.

They work with T245 Handpieces.

JBC Long Life Tips offer instant heat up, excellent heat transfer and great durability.

They last 5 times longer than other brands thanks to the JBC Most Efficient Soldering System and the Sleep & Hibernation features.
