

Soldering iron 50 W, handle blue, T245-PA

The T245P Blue-Grip Handle is perfect for SMDs and work with high power requirements (e.g. soldering ground planes).

The blue handle allows you to distinguish it from other handles on the work area. For example, it can be used for leaded soldering applications.

The ergonomic and short distance between tip and handle ensures better results and more comfort.

- blue handle
- for all supply units from AD-2200 upwards
- Supplied without soldering tip

Item no.	WL28066
Model	T245-PA
Manufacturer	JBC
Manufacturer article no.	T245-PA
GPSR manufacturer data	JBC Soldering SL Ramón y Cajal 3 ES-08750 Molins De Rei www.jbctools.com
Length with packaging	235 mm
Width with packaging	40 mm
Height with packaging	40 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
Rated power	50 W
Voltage	24 V
Handpiece (type)	soldering iron
Compatible soldering stations	CD-S, CD-B

Matching stand	AD-SD
Matching tips	c245
Matching accessories	F3449 Fume extractor, F3435 Fume extractor, 0016057 Grips
Cable length	1.5 m
Matching control unit	CDB - Soldering Station, CDS - Precision Soldering Station, DI - 1-Tool Control Unit, DE - 2-Tool Control Unit, DME - 4-Tool Control Unit
ESD compliant	yes
