

## Soldering iron 20 W, blue handle T210-PA

T210PA Blue-Grip Precision Handle is perfect for accuracy soldering jobs with medium-power requirements. Due to its size, it can be used to work conventional or small SMDs, even under a magnifying glass.

The blue grip allows you to distinguish it from other handles on the work area.

Its ergonomic and short-distance tip-to-grip ensures greater accuracy and comfort.

- blue handle
- for all supply units from AD-2200
- supplied without soldering tip
