WBH-2 PCB holder

The WBH-2 PCB holder from Weller offers a reliable solution for holding PCBs securely in place during the soldering process. With its robust design, it ensures stability and precision, leading to optimum soldering results. In addition, the solder fume extraction system on the soldering iron ensures a clean working environment by effectively removing harmful fumes. This combination of holder and extraction supports efficient and safe soldering work that meets the high demands of modern electronics production.
max. clamping surface 310 x 320 mm

Item no.	**WL28384**
Model	WBH-2
Manufacturer	WELLER
Manufacturer article no.	T0053316799
GPSR manufacturer data	WELLER Tools GmbH

	Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller-tools.com
Sales unit	1 piece
