

Hygostar overshoe PP with structure, blue, for HYGOMAT 100 pieces/bunch

Disposable overshoes - for indoor use The disposable overshoes made of soft PP fleece are air-permeable and ideal for indoor use. Use the overshoes for example as an inexpensive, hard-wearing dirt protection for visitors. Sensitive floors are thus protected and remain hygienically clean. Properties of overshoes at a glance: air-permeable one size fits all HYGOMAT devices

- Polypropylene fleece
- Underside with CPE structure
- · air-permeable and slightly anti-slip
- · for dry areas
