ESD storage container, conductive, black, 400 x 300 x 170 mm

By using special ESD storage containers from Warmbier, you protect your sensitive components from electrostatic charging and discharging.

- Internal dimensions 355 x 255 x 165 mm
- Useful height/stack: 106 mm
- Permanently volume-conductive polypropylene through carbon
- Stackable
- Pallets - Module dimensions
- With ESD marking
- Closed handle

item number	WL29163
model	5310.14
manufacturer	WARMBIER
manufacturer item number	5310.14
length	400 mm
width	300 mm
height	170 mm

order unit	1 piece
content unit	1 piece
colour	black
colour manufacturer	black
Colour	black
material	polypropylene
typical bleeder resistance	10^4 - 10^5 Ohm
property packaging	conductive
material	PP
ESD safe	yes
