

HD thermo tweezers, HT470-A

The HT470-A high-performance tweezers were developed to shorten the soldering time in applications that require a large amount of heat. Some application examples are: Soldering of coaxial cable shields in telecommunications antennas, soldering of large copper conductors in medical imaging scanners, etc.

- works exclusively in conjunction with 2 HDE-U control units and requires the HDT-SE storage stand
- suitable tips: C470
- Handpiece and stand are available in set KHT470A

Tool and stand are available as heavy duty tweezer set KHT470A

- Tips are not included

item number	WL30402
model	HT470-A
manufacturer	JBC
manufacturer item number	HT470-A

Products for the electronic industry
