

## ESD work coat CONDUCTEX, long-sleeved, women, blue, size 2XL

---

Experience the professional world of the SafeGuard ESD work coat from the Eco Line - an indispensable item of clothing for electronics production. This ESD smock impresses with its unisex design and a practical 3/4 ready-to-wear length that gives you optimum freedom of movement. But that's not all - the conductive yarn in a 4x4 mm grid ensures a typical point-to-point resistance  $R_{p-p}$  between  $10^6$  and  $10^7$  ohms, which guarantees maximum safety.

With two side pockets, press studs on the sleeves and the ESD logo on the sleeve, this ESD smock is not only functional, but also stylish and professional. The lapel collar, concealed button placket and row of buttons with fabric cover give the ESD coat an elegant look, while the long sleeves made of 63% PES, 33% cotton and 4% carbonized yarn offer maximum comfort.

The SafeGuard ESD work coat is not only ESD-compliant, but also ESD-certified - so you

---

Products for the electronic industry

can concentrate fully on your work without having to worry about electrostatic discharge. Convince yourself of the quality and functionality of this ESD gown and treat yourself to the best for your electronics production. With SafeGuard you are always on the safe side!

A new feature is that you can now also have the ESD work coat printed individually. You can find more information on this on our printing page:
