

Soldering bath ROTADIP 450 W, 420 °C

Soldering bath with automatic oxide stripping

- electronic temperature control
 - round, D x Depth = 152 x 76 mm
 - filling quantity = 12 kg
 - temperature max = 450 °C
 - 230 V - 1550 W
 - constant speed
- suitable for lead-free solder

Item no.	WL31779
Model	ROTADIP RD6D
Manufacturer	FTM
GPSR manufacturer data	FTM Technologies

Products for the electronic industry

	Rue Raymond Poincaré FR-92000 Nanterre www.ftm-technologies.com
Sales unit	1 piece
