

Adhesive K 112, for ECOSTAT-DF MEGA-3.5 rubber floor covering, 12 kg

To fasten an ESD floor covering, a suitable adhesive for PVC floor coverings by Warmbier is required in an ESD-compliant EPA. As an alternative earthing option for laying larger areas instead of earthing via push-button system.

- For ECOSTAT®-DF MEGA-3.5 rubber
- Consumption: approx. 350 g/qm

item number	WL31878
model	1280.K112
