

LED magnifying lamp Super Slim iQ, silver

The iQ magnifying lamp has a lightweight acrylic lens with a large field of view. The magnifying head is freely movable and can be positioned as required for maximum horizontal and vertical freedom of movement. The robust arm with integrated springs offers good horizontal reach and positional stability. An additional swivel arm lens with 12 diopters (4.0X) is also included. A side guard helps to keep the light clean. The magnifier has a removable lens protector.
