

ESD men coat short sleeve CONDUCTEX®, white size L

By wearing a Conductex ESD coat from HB, you prevent both an electrical charge and a strong particle emission. Conductex is one of the lightest and most comfortable materials when it comes to protecting products from electrostatic discharge. The blended fabric convinces with very good discharge values and high wearing comfort. All closing seams are additionally bordered. The ESD logo is embroidered on the left upper arm. The ESD work coat naturally complies with the requirements of DIN EN 61340-5-1.

- Men's version
- Extremely low grammage
- Typical point-to-point resistance $R_{p-p} = 10^6 - 10^7 \text{ Oh}$
