

Cleanroom ESD work chair Basic 2 with castors, permanent contact

The Basic 2 with castors is ideally suited for use in clean rooms. It combines best cleanroom properties with reliable ESD protection. The seat and backrest can be adjusted in height. Smooth, closed surfaces of the seat and backrest shell of the cleanroom chair prevent the deposition of particles on the chair.

- Seat height adjustment and backrest height adjustment
- Base frame made of die-cast aluminium, highly polished and with conductive rollers
- for hard floors
- conductive and tear-resistant imitation leather cover, slip-resistant
- Clean room class 3 according to EN ISO 14644-1
- Conductive according to EN 61340-5-1
