

WEHT suction hood for ascending vapours, suction top

- The hood can enclose the source so that vapours are trapped and extracted before they contaminate the workplace.
- For applications where smoke spreads rapidly due to a draughty working environment
- The housing is PET and NOT ESD safe.
- Supplied with a 3m long Easy-Click 60 suction hose (700-3051-ESD)
- In order to ensure good extraction, an extraction unit with a minimum extraction volume of 230 m³/h must be connected to the hood.
- Compatible with Weller Zero Smog 4V and Zero Smog 6V systems
- applications: Bonding, cleaning, pouring

item number	WL33843
model	FT91000022
manufacturer	WELLER

manufacturer item number	FT91000022N
length	860 mm
width	510 mm
height	460 mm
order unit	1 piece
content unit	1 piece
device series	Zero Smog 4V, Zero Smog 6V
