

Foot switch for solder bath RD, 1-pole, 250V, without plug

Foot switch for light duty with 1-pole double-throw contacts (single-pole). Foot switches are often used on large machines where manually operated switches are a safety issue. This foot control pedal is black and grey and ideal for various applications.

- 1-pole double-throw contacts
- without plug
- black and grey
- 3A mild steel
- ideal for various applications
- Designed for 250 V ac/30 V dc at 3 A
- With non-slip base and foot pad

Item no.

WL33847

Model

SN28911/SN30075
