

## ESD assembly workbench, hard laminate, height adjustable, grey, 1200x800 mm

The ESD assembly worktable from Warmbier is made of powder-coated, conductive hard laminate and meets all standards required for an ESD-compliant workplace in an EPA to ensure safe working with sensitive electronic components. Conductive The workstation system is suitable for equipping manufacturing, laboratory, office and storage areas for self-assembly.

- Base frame made of square steel tube 40 x 40 x 2 mm
- Underframe - reinforced design - with reinforcing struts
- height adjustment of the table legs by clamping screws (750 - 950 mm)
- Conductive powder coating, colour: light grey
- Worktop - volume dissipative with edge banding
- Surface - hard laminate, colour: light grey
- Earthing box with 2 x 10 mm push button connections and 1 x banana plug connection for personal earthing
- Typical leakage resistance  $R_{gp} = 10^5 - 10^7 \text{ Ohm}$
- For self-assembly

<b>item number</b>	<b>WL34048</b>
model	1950.LC.3906
model line	others
manufacturer	WARMBIER
manufacturer item number	1950.LC.3906
width	1200 mm
depth	800 mm
order unit	1 piece
content unit	1 piece
colour manufacturer	light grey
Colour	grey
type height adjustment	clamping screws
height adjustable	750 – 950 mm
material frame	square steel tube
typical bleeder resistance	$10^5 - 10^7$ Ohm
connection	2x 10 mm press stud / banana plug
version plate	ESD version
material tabletop	hard laminate
with earthing point	yes
ESD safe	yes
