

Compressed air connection, insert plate for Basic electrical connection strip, 100 mm

Two coupling sockets in sizes 3 or 4, each with a diameter of 100 mm, are available for an efficient compressed air connection. These enable a reliable connection and optimum compressed air supply for various applications. The standardized sizes ensure easy handling and compatibility in different industrial environments.

- Insert plate for electrical connection strips
- 2 x compressed air quick coupling 1/8", make FESTO

item number	WL34972
model	95.545.70
model line	Basic
manufacturer	KARL
manufacturer item number	95.545.70
width	100 mm
order unit	1 piece

content unit	1 piece
colour manufacturer	light gray (RAL 7035)
Colour	grey
