

Hygostar overshoe CPE, white, for HYGOMAT, 80 pieces/pack, 44cm

Disposable overshoes - anti-slip and waterproof: The disposable overshoes provide a secure hold on slippery or wet floors. The CPE coating (cast polyethylene) on the outside makes the overshoe extremely slip-resistant. This means that visitors and staff can walk safely and your floors remain hygienically clean. Another advantage: The disposable overshoes fit into all HYGOMAT overshoe machines. This guarantees time-saving and comfortable putting on.

hard-wearing, especially suitable for the food industry, pharmaceuticals, hospitals and wet operations easy to put on, as they are coated with soft non-woven fabric on the inside

- Polypropylene fleece, CPE coated
- waterproof bottom
- very slip-resistant
- ideal for smooth surfaces

- for overshoe dispenser HYGOMAT
