

Multi-TC soldering iron, 75 W, 230 V

The MULTI-TC 75 mains soldering iron from ERSA is a compact, powerful tool for professional soldering work in electronics production, repair and precision mechanics. With a rated power of 75 W, a voltage of 230 V and a weight of just 60 g, it enables precise work at a temperature range of 250-450 °C.

Equipped with a PTC heating element and the ERSADUR 842CD soldering tip, the iron offers uniform heat transfer and constant soldering conditions. The A18 tray ensures safe storage during work, and compatibility with soldering tips from the 832/842 series allows flexible adaptation to different applications.

The MULTI-TC 75 is ideal for professional use where precision, ergonomics and reliability are required. Thanks to the Swiss plug and the robust design, it guarantees safe and durable operation.

Item no.	WL35916
Model	1760CD0060
Manufacturer	ERSA

Manufacturer article no.	1760CD0060
GPSR manufacturer data	ERSA GmbH Leonhard-Karl-Strasse 24 DE-97877 Wertheim www.ersa.de
Sales unit	1 piece
Content unit	1 piece
Rated power	75 W
Voltage	230 V
Handpiece (type)	soldering iron
Temperature range °C	250 – 450 °C
Matching tips	832-/842-series
