

Tribrach electrode Model 1081

- Three-point electrode according to DIN EN 1081 for testing the insulation resistance of floor systems with regard to personal safety.
- For surface, continuity and earth leakage resistance measurements according to DIN EN 1081
- Weight 500g
- Contacting by banana plugs
- Contact rubber: Shore 50-70 IRHD
- Contact rubber $R < 10^3 \text{ Ohm}$
- For the measurement a load of at least 300 N should act on the tribrach electrode.

item number	WL35920
model	7220.1081
manufacturer	WARMBIER
manufacturer item number	7220.1081
