

## ESD work coat CLEANTEX, long sleeve, men, white, XS

### Description

Wearing this HB ESD sheath will prevent both electric charging and strong particle release. The fabric combines ESD and cleanroom properties and is suitable as a multifunctional product for work areas where both are required. In addition, the two side pockets and the attached breast pocket on the left with pen compartment and above 2 press buttons for attaching a name sign are very practical. The ESD logo is embroidered on the left upper arm. Carbonized yarn is incorporated into the fabric to ensure the conductivity. The ESD work coat naturally meets the requirements of DIN EN 61340-5-1.

- Men execution
- extremely low grammage
- Cleanroom compatible
- Typical point-to-point resistance  $R_{p-p} = 10^5 - 10^6 \text{ Ohm}$

### Product details

model line	Cleantex
item number	WL36007

Products for the electronic industry

manufacturer	HB SCHUTZBEKLEIDUNG
manufacturer item number	06002 46002 000 10
model	Cleantex KI90-WS-H-XS
order unit	piece
colour	whitely
gender	men
size	XS
sleeve's length	long sleeves
features clothing	2 side pockets, breast pocket, snap fasteners on the sleeves, according to DIN EN 61340-5-1, ESD logo on the sleeve, button border covered with fabric, without side seams, standing collar, concealed button border
material composition	98 % Polyester, 2% Carbon
fastener	Push button border
basis weight	100 g/m <sup>2</sup>
colour manufacturer	whitely
