

ESD pallet support cover Universal

The ESD light pallet from AUER Packaging is characterised by its particularly low dead weight. Nevertheless, it convinces with its high resilience and can therefore be used for worldwide exports. In the electrically conductive ESD version, it is particularly suitable for the storage and transport of electronic components.

- Outside dimensions: 122 x 82 x 4 cm
- Contact resistance: $10^4 < 10^{10}$ Ohm/cm
- Surface resistance: $10^4 < 10^{10}$ Ohm
- Electrically conductive material
- Can be stacked into one another to save space
- Low dead weight
- Suitable for worldwide export
