

ESD work coat CLEANTEX, with knitted cuffs, long sleeves, women, white, L

By wearing an ESD jacket from HB you prevent both electric charging and strong particle release. The fabric combines ESD and cleanroom properties and is suitable as a multifunctional product for work areas where both are required. In addition, the two side pockets and the attached breast pocket on the left with pen compartment and above 2 press buttons for attaching a name sign are very practical. The ESD logo is embroidered on the left upper arm. Carbonized yarn is incorporated into the fabric to ensure the conductivity. The ESD work coat naturally meets the requirements of DIN EN 61340-5-1.

- Ladies version
- extremely low grammage
- Cleanroom compatible
- Typical point-to-point resistance $R_{p-p} = 10^5 - 10^6 \text{ Ohm}$

item number	WL36254
model	Cleantex KI90-WS-D-L-Bund
model line	Cleantex
manufacturer	HB SCHUTZBEKLEIDUNG
manufacturer item number	06002 46004 000 10-L
order unit	1 piece
