Impact wrench bit "Blue Steel", TORX® TX07, 25 mm

The "Blue Steel" TORX® TX07, 25 mm impact driver bit from C_k impresses with its quality and functionality as a reliable companion for professional assembly work. Made from alloyed v8 steel with a special composition for extreme strength, it ensures precise work, even in confined spaces. This makes the bit ideal for use in series assembly and repair processes for sensitive assemblies.

- Made of V8 alloy steel with special composition for extreme strength
- With Torsion-Control-Technology, which can withstand much higher torques
- "Blue Steel" impact wrench bits have a much longer service life
- Colour-coded for easier identification of the profile
