

LED stereomicroscopes with stand, binocular, 10-20x

- Operating voltage: 230 V
- Type: Binocular
- Illuminant type: LED
- L x W x H = 600 x 400 x 300 mm
- Optical magnification (max.): 20 x
- Optical magnification (min.): 10 x
- Type: Upright
- Type of illumination: Incident light
- Working distance (max.): 84 mm

item number	WL36377
model	33213
manufacturer	ESCHENBACH

Products for the electronic industry

manufacturer item number	33213
length	355 mm
width	325 mm
height	200 mm
order unit	1 piece
content unit	1 piece
capacity in liter	23.075 l
lenticular	binocular
(Optimal) working distance	84 mm
Product type	stereomicroscope
magnification	10x20x
ESD safe	no
