

Desoldering iron X-TOOL VARIO 150 W, 0740EDJ

The new Erska X-TOOL VARIO impresses with its highly efficient 150 W heating technology. The X-TOOL VARIO masters desoldering tasks where previous tools reach the limits of their performance with flying colors. The design of the heater and desoldering tips ensures efficient heat transfer to the solder joint and rapid removal of the extracted solder. For the user, the ergonomically shaped handle means relaxed working with a natural hand position. The slim shape of the heating head and soldering tip enables desoldering even on tightly fitted PCBs. The amount of solder taken up is visible at all times in the transparent solder container. This allows the user to empty the remaining solder as required in just a few simple steps. Like many other Erska soldering tools, the X-TOOL VARIO also contains a motion sensor so that the standby function and sleep mode can be optimally used to save energy and protect the desoldering tips. As with the tried-and-tested X-Tool, the desoldering tips on the X-TOOL VARIO are simply plugged in and can be changed very quickly.

- Desoldering iron x-Tool VARIO 0740EDJ with 150 watt high-power heating element
- Ergonomic tool design for even better accessibility of solder joints, even on tightly assembled PCBs
- Balanced handle design for comfortable and fatigue-free working

Products for the electronic industry

- Solder collection container with large collection volume for uninterrupted work
 - proven Ersa SENSOTRONIC control for fast reheating
 - Large selection of desoldering tips for a wide range of solder joint geometries
- Secondary voltage: 24 V
- Control station power: 150 W
 - Temperature range:
 - 150 °C - 450 °C
 - Desoldering tip (incl.): 0742ED1225
 - Desoldering tip series: 0742
 - RoHS compliant

Item no.	WL36512
Model	740EDJ
Manufacturer	ERSA
Manufacturer article no.	0740EDJ
GPSR manufacturer data	ERSA GmbH Leonhard-Karl-Strasse 24 DE-97877 Wertheim www.ersa.de
Sales unit	1 piece
Content unit	1 piece
RoHS compliant	yes
Heating power	150 W
Voltage	24 V
Heating time	35 s
Handpiece (type)	desoldering iron
Temperature range °C	150 – 450 °C
Matching stand	0A56
Matching tips	Series 0742
Matching control unit	i-CON1V, i-CON1V0C, i-CON2V, i-CON2V0C, i-CON VARIO 2, i-CON VARIO 4
ESD compliant	yes
