

Solder fume extraction unit MG 100S

- Extraction unit for use at up to 2 workstations
- Electronic filter control with alarm function
- Variable volume flow setting
- Switchable power supply 100-240 V, for worldwide use in all voltage networks
- Large gas filter volume
- Optimized filter service life
- The MG 100S extraction unit is particularly suitable for applications with a high volume of harmful gases. The remote control can be used to set different speeds and the alarm function of the filter, even remotely from the unit. To facilitate installation, the MG 100S can be attached to the worktable with a suspension (780-3001-ESD).
- Extra small footprint

item number

WL36793

Products for the electronic industry

model	MG 100S
manufacturer	WELLER
manufacturer item number	100-1000-ESDN
length	460 mm
width	210 mm
height	610 mm
order unit	1 piece
content unit	1 piece
frequency	50/60 Hz
power	100 W
voltage	230 V
vacuum max	2300 Pa
noise level	52 dBA
volume flow max	140 m ³ /h
