

## ESD rotating stand, for 12 small part magazines series 550, 400 kg, 500x500x1730mm

---

The Treston ESD turntable is perfect for storing and sorting thousands of small items in retail, production, automotive workshops and warehouses. The rotating stand offers space for 12 550 series small parts magazines, which must be ordered separately. Thanks to the robust base and the shelves attached to each other, the rotating stand remains solid in place and has a load capacity of 400 kg.

- Max. Load capacity 400
- Rotating stand offers space for 12 550 series small parts magazines
