ESD visual storage box, 310x500x182 mm, black

Treston's high quality and durable ESD storage bins are designed for everyday use in stores, production facilities and warehouses. The boxes are suitable for all common metric shelving systems, paternosters and industrial workstations. Boxes of the same width can be stacked.

- External dimensions W x D x H mm = 310x500x182 mm
- Internal dimensions: 270x400x165 mm
- Capacity: 17.8 litres
- made of conductive polypropylene (PP)
- A label across the entire width with protective screen is easy to keep clean and replace if necessary
- the protective screens and labels are non-conductive
- Resistant to the influence of oils, most acids and solvents
