

Concept ESD table top 1806x750

The Concept ESD table top 1806x750 from Treston - your reliable choice for electrostatically protected working environments

The Concept ESD table top 1806x750 from Treston, available at [Weidinger.eu](https://www.weidinger.eu), offers an ideal solution for workplaces that need to prevent electrostatic discharge (ESD). This table top is specially developed to meet the high requirements in ESD-protected areas and provides a reliable work surface for sensitive electronic components.

With a size of 1806x750 mm, the Concept ESD table top offers sufficient space for a wide range of work tasks. The surface of the table top is conditionally resistant to solder and other chemicals, making it a robust choice for working environments where such materials are handled. The table top is also conditionally abrasion-resistant, which underlines its durability and resilience.

The ESD-compliant coating of the table top ensures that electrostatic charges are safely dissipated, protecting sensitive components and devices. This is particularly important in electronics manufacturing and other areas where ESD protection is crucial.

Treston, the manufacturer of the Concept ESD table top, is known for its high-quality and durable products. The table top is another example of the company's innovative strength and commitment to providing first-class solutions for industrial and technical workplaces.

Discover the benefits of the Concept ESD table top 1806x750 from Treston at [Weidinger.eu](https://www.weidinger.eu) and optimize your working environment with a reliable and robust ESD-compliant table top.

item number	WL38702
model	TT18075-ESD
model line	Concept
manufacturer	TRESTON
manufacturer item number	TT18075-ESD

GPSR manufacturer information	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim www.treston.de
width	1806 mm
height	25 mm
depth	750 mm
length with packaging	770 mm
width with packaging	1900 mm
height with packaging	40 mm
order unit	1 piece
content unit	1 piece
colour	Light grey
ESD safe	yes
