

Concept ESD table top 1000x900

The Concept ESD table top 1000x900 from Treston is the ideal solution for working environments where electrostatic discharge must be avoided. This high-quality table top, available from Weidinger.eu, offers a reliable ESD protection function that protects sensitive electronic components from damage.

With a size of 1000x900 mm, the Concept ESD table top offers sufficient space for a wide range of work tasks. It has been specially developed for use in ESD-protected areas and meets the strict requirements for electrostatic discharge capability. This makes it the perfect choice for laboratories, production facilities and other working environments where ESD protection is crucial.

The Treston table top is characterized by its conditional resistance to solder and various chemicals. This ensures a long service life and reliable use even under demanding conditions. In addition, the surface of the table top is conditionally abrasion-resistant, which further increases its longevity and reduces the need for frequent replacements.

Discover the Concept ESD table top 1000x900 from Treston at Weidinger.eu and benefit from a robust, durable and ESD-compliant work surface that makes your work processes safer and more efficient.

Item no.	WL39222
Model line	Concept
Manufacturer	TRESTON
Manufacturer article no.	TT10090-ESD
GPSR manufacturer data	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim www.treston.de
Length	1000 mm
Width	900 mm
Height	25 mm
Depth	900 mm
Sales unit	1 piece
Content unit	1 piece
Manufacturer colour information	light grey
Colour	light grey
Material	semi-conductive laminated chipboard
Material (table top)	Laminated chipboard
ESD compliant	yes
