Concept ESD table top 1500x900

The Concept ESD table top 1500x900 from Treston is the ideal choice for working environments where electrostatic discharge must be avoided. This table top, available from Weidinger.eu, offers a reliable ESD protection solution and is specially designed for use in sensitive areas.

With a size of 1500x900 mm, the Concept ESD table top offers sufficient space for a wide range of work tasks. It is conditionally resistant to solder and other chemicals, making it a robust and durable option for laboratories, workshops and production facilities. The table top is also conditionally abrasion-resistant, which underlines its durability and resilience.

The ESD-compliant surface of the table top ensures that electrostatic charges are safely dissipated, protecting sensitive electronic components and devices. This is particularly important in industries such as electronics manufacturing, where even the smallest electrostatic discharge can cause considerable damage.

Choose the Concept ESD table top 1500x900 from Treston and benefit from a high-

quality, reliable and safe work surface. Visit Weidinger.eu to find out more about this product and other ESD solutions.
750mm deep frames are used with 900 mm deep bench tops

Item no.	**WL39227**
Model line	Concept
Manufacturer	TRESTON
Manufacturer article no.	TT15090-ESD
GPSR manufacturer data	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim www.treston.de
Length	150 mm
Width	900 mm
Height	25 mm
Depth	900 mm
Sales unit	1 piece
Content unit	1 piece
Manufacturer colour information	light grey
Colour	light grey
Material	semi-conductive laminated chipboard
Material (table top)	Laminated chipboard
ESD compliant	yes
