Concept ESD table top 2000x900

The Concept ESD table top 2000x900 from Treston - your ideal solution for electrostatically protected work areas

The Concept ESD table top 2000x900 from Treston, available at Weidinger.eu, offers a reliable and durable work surface for electrostatically protected areas. This table top is specially designed to meet the requirements of modern working environments where protection against electrostatic discharge (ESD) is crucial.

With a size of 2000x900 mm, the Concept ESD table top offers sufficient space for a wide range of applications. It is ideal for use in electronics production, laboratories and other areas where sensitive electronic components are processed. The ESD-compliant surface ensures that electrostatic charges are safely dissipated, guaranteeing the safety and integrity of your products.

The Treston table top is characterized by its conditional resistance to solder and other chemicals. This makes it a robust choice for working environments where such substances

are occasionally handled. In addition, the surface of the table top is conditionally abrasion-resistant, which supports its durability and resilience under regular use.

At Weidinger.eu you will find the Concept ESD table top 2000x900 from Treston as part of a comprehensive range of high-quality workplace equipment. Rely on Treston's quality and expertise to optimally equip your work environment and ensure the protection of your electronic components.

Discover the benefits of the Concept ESD table top 2000x900 from Treston and invest in a reliable and safe work surface for your electrostatically protected areas. Visit Weidinger.eu and find the right solution for your requirements.

Item no.	**WL39232**
Model	Concept Tischplatte
Model line	Concept
Manufacturer	TRESTON
Manufacturer article no.	TT20090-ESD
GPSR manufacturer data	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim www.treston.de
Length	2000 mm
Width	900 mm
Height	25 mm
Depth	900 mm
Sales unit	1 piece
Content unit	1 piece
Manufacturer colour information	light grey
Colour	light grey
Material	semi-conductive laminated chipboard
Material (table top)	Laminated chipboard
ESD compliant	yes
