

ESD vacuum suction nozzle

The S3955-B-ESD ESD vacuum nozzle is compatible with HANDI-VAC, PEN-VAC and POLY-VAC systems and has been specially developed for the safe handling of sensitive electronic components. It is ESD-compatible and reliably prevents electrostatic charges during handling.

The nozzle has a ½ " bent probe and 0.39 " Micro Vac tips, making it easy to pick up and place small parts with precision. The compact design makes it ideal for assembly, repair and laboratory applications in electronics production.

Item no.	WL39591
Model	S3955-B-ESD
Manufacturer	WEIDINGER
Manufacturer article no.	S3955-B-ESD
GPSR manufacturer data	Weidinger GmbH Hertha-Sponer-Str. 1a DE-82216 Gernlinden www.weidinger.eu
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
ESD compliant	yes
