

ESD glove, gray/dark gray, coated palms, nylon/carbon, XXL

Immerse yourself in ultimate protection and comfort with SafeGuard ESD gloves. The gray-dark gray design with coated palms combines style and functionality at the highest level. Made from high-quality nylon and carbon, they offer a pleasant and comfortable feel that is second to none. The seamless finish ensures a perfect fit and maximum freedom of movement. Thanks to their breathable properties, they are ideal for longer periods of wear. The gloves meet the strict requirements of DIN EN 61340-5-1 and are certified in accordance with EN 388 (test number: 113x). With a discharge resistance of $10^7 - 10^8$ Ohm, these gloves reliably keep electrostatic discharges at bay. The gloves are 100% silicone-free and are supplied with packaging bearing the CE mark, the SafeGuard logo and the ESD mark. Get SafeGuard ESD gloves now and benefit from first-class protection and maximum comfort. Show your professionalism and expertise with every move - with SafeGuard.

- PU-coated palms
