WXP 90 Set, hybrid soldering iron with safety rest, 90 W, Power-Response technology

The WXP 90 soldering iron from Weller is a flexible soldering iron where the heating element and tip can be replaced quickly. The soldering iron uses power acceptance heating technology including visual LED signal and parameter memory, standby temperatures and automatic switch-off. The sensor detects when the iron is in operation and the automatic standby mode is activated from the sensor. Soldering tips can be easily replaced independently of the heating element and offer all the advantages of handling small and medium soldering applications, compatibility with WX soldering stations, fast heating of the soldering iron. The WXP 90 is a versatile and handy soldering iron with a slim design. Comfortable to hold and use in a wide range of soldering applications. High mass tips are available for more demanding soldering tasks.

• Flexible working due to quick-change heating element incl. tip from the XNT soldering tip family
• For demanding soldering work with WX soldering stations

Products for the electronic industry

09.05.2026

- Parameter memory in the plunger e.g. standby temperatures, automatic switch-off time
- Intelligent hybrid soldering iron 90 W, 24 V
- Reduction of consumption costs (heating element and soldering tips) due to usage sensor
- Very fast and precise reaching of the soldering temperature
- Interchangeable XNT soldering tips at cost-effective prices
- Visual process control by LED signal function
- Power Response heating element technology in slim soldering iron
- For small and medium sized components with high power requirements

Item no.	WL40091
Model	WXP 90 Set
Technology	Power-Response
Manufacturer	WELLER
Manufacturer article no.	T0052922599N
GPSR manufacturer data	WELLER Tools GmbH Carl-Benz-Strasse 2 DE-74354 Besigheim www.weller.eu
Sales unit	1 set
Content unit	1 set
Product series	Power-Response
Power	90 W
Voltage	24 V
Handpiece (type)	soldering iron
Matching tips	XT
Tip series	XNT
Included storage	WDH 51
Included soldering tip	XNT A
Included soldering iron	WXP 90
Matching control unit	WX 1, WX 2, WXD 2, WXA 2, WXR 3
ESD compliant	yes
