# ESD Work table Basic, ESD hard laminate, manually adjustable, grey, 1200x800 mm

The ESD work table Basic from Karl made of ESD hard laminate fulfils all standards which are prescribed for an ESD-compliant workplace in an EPA in order to guarantee safe working with sensitive electronic components.

• base frame made of sturdy square steel tube, 35 x 35 mm

• Table legs can be dismantled,
Fastening to the underframe using special connectors with a screw

• all metal parts conductive powder coated

• hard and abrasion-resistant, conductive plastic coating, surface slightly textured and glare-free, scratch-resistant

• Leakage resistance RA1 x 105 to 5 x 109 Ohm (dry measurement according to IEC 61340-5-1, 100V)

• high heat resistance (20 minutes at 180°C)

• resistant to organic solvents, weak acids and alkalis, petrol and oil

• Worktop continuously conductive

Products for the electronic industry

item number	WL40121
model	31.005.66
model line	Basic
manufacturer	KARL
manufacturer item number	31.005.66
width	1200 mm
depth	800 mm
order unit	1 piece
content unit	1 piece
colour manufacturer	light grey
Colour	grey
type height adjustment	clamping screws
height adjustable	720 – 900 mm
material frame	square steel tube
typical bleeder resistance	10^5 - 10^9 Ohm
connection	2x 10 mm press stud
version plate	ESD version
material tabletop	ESD hard laminate
with earthing point	no
load capacity	150 kg
ESD safe	yes
