

ESD chair BASIC 3, glider/mounting aid, synchronous technology and weight regulation, black imitation leather, backrest 530 mm

The ESD chair Basic 3 with glider and climbing aid can be adjusted between 660 and 910 mm in terms of seat height. In addition, this model is equipped with the synchronous technology with weight adjustment, so that both the seat inclination and the backrest can be ideally adapted to the respective user.

- Gas spring height adjustment from 660-910 mm
- Five-foot cross with glides and climbing aid
- epoxy resin coated black
- electrically conductive
- steel base
- Note: The backrest is not conductive and the chair cannot be used within an EPA!
