

Power supply for SKD-BN800, SKB-BE800, and SKD-TBK20/30/50 series

SKC-PTA-BS/BT20/30/45 Series The KILEWS SKP-40B-HLN power supply is specifically designed for use in industrial manufacturing environments and ensures a reliable power supply for brushless low-voltage screwdrivers. Thanks to its compact design, robust and durable construction, and optimally tuned performance specifications, it ensures a constant power supply and supports precise, repeatable fastening processes. Depending on the specific model, different voltage and current ranges are available, allowing the power supply to be flexibly adapted to various applications. This makes it suitable for use at manual assembly workstations as well as for integration into automated screwdriving and manufacturing systems.

The SKP-40B-HLN power supply can be used with the SKD-BN800, SKB-BE800, and SKD-TBK20/30/50 screwdriver series.

- 2 speeds (HI / LO) via switch,
- Input voltage: AC 100–240 V, 50/60 Hz
- Output voltage:

LO DC 32 V / HI DC 40 V

Item no.	WL40496
Model	SKP-40B-HLN
Manufacturer	KILEWS
Manufacturer article no.	SKP-40B-HLN
GPSR manufacturer data	KILEWS Europe GmbH Beuthener Str. 61 DE-90471 Nürnberg www.kilews.eu
Length	213 mm
Width	133 mm
Height	68 mm
Sales unit	1 piece
Content unit	1 piece
ESD compliant	no
