

ESD seat cushion,foam,black,400 x 400 x 30 mm

This wedge cushion relieves the strain on your spine and intervertebral discs, supports a relaxed and healthy sitting posture and thus prevents back problems. Due to the antistatic and conductive seat cover it is ideally suited for ESD protected areas. The high-quality foam is solid and very dimensionally stable. The zipper makes the wedge removable and the fabric cover can be washed by hand.

- Orthopaedic wedge cushion, antistatic, ESD-compatible
- Foam class 40/72 (best seat quality)
- dobby fabric
- Flame retardant according to DIN EN 1021/1
- Surface resistance $R < 10^3 \text{ Ohm}$
- zip fastener
- Foam wedge firm and dimensionally stable
- ESD marked
- with goods passport
