

ESD LED system light PS WorkLED SE 5040, rotatable

The mounting options of the PS WorkLED SE ESD LED system light are compatible with the common system profiles and all other surfaces. The rotating function of this LED workstation light ensures that the light can be directed to a specific area. The multi-function push-button allows the light to be dimmed and the desired brightness level to be saved (double push-button action).

- Very long service life
- homogeneous, ergonomic and glare-free light
- energy conservation
- robust aluminium housing
- Dimmable via integrated push-button as standard
- Tool-free rotation of the lamp to align the light
- Saving the desired brightness level
- Extremely slim and space-saving design
- Simple installation on common workstation profiles
- Integrated control gear

- ESD-compliant
- Illuminance: 1756 lx @ 1m

Item no.	WL40870
Model	PS WorkLED SE rotat. 5040 ESD
Manufacturer	PS
Length	1171 mm
Sales unit	1 piece
Content unit	1 piece
Incl. battery	no
Rated power	40 W
Voltage	230 V
Temperature range °C	-10 – 30 °C
Lamp or magnifying glass type	system light
Dimmable	yes
Colour temperature	4000 °K
Protection class	1
Protection class	30 IP
ESD compliant	yes
