

Concept ESD table top 1200x750

The Concept ESD table top 1200x750 from Treston is the ideal choice for working environments where electrostatic discharge must be avoided. This high-quality table top is specially designed for use in ESD-protected areas and offers a reliable solution for the safe handling of sensitive electronic components.

With dimensions of 1200x750 mm, the Concept ESD table top offers sufficient space for various work tasks. It is conditionally resistant to solder and other chemicals, which makes it particularly suitable for use in electronics workshops and laboratories. The table top is also conditionally abrasion-resistant, which underlines its durability and resilience.

The ESD-compliant surface of the table top ensures that electrostatic charges are safely dissipated, protecting sensitive electronic components from damage. This makes the Concept ESD table top from Treston an indispensable component in any ESD-protected working environment.

Item no.	WL40988
Model line	Concept
Manufacturer	TRESTON
Manufacturer article no.	TT12075-ESD
GPSR manufacturer data	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim www.treston.de
Length	1200 mm
Width	750 mm
Height	25 mm
Depth	750 mm
Sales unit	1 piece
Content unit	1 piece
Manufacturer colour information	light grey
Colour	light grey
Material	semi-conductive laminated chipboard
Incl. battery	no
Material (table top)	Laminated chipboard
ESD compliant	yes
