

## ESD work coat Eco Line, 140 g/m<sup>2</sup>, white, M

---

---

Experience the professional world of the SafeGuard ESD work coat from the Eco Line - an indispensable item of work clothing for use in electronics production. This ESD smock impresses with a unisex design and a practical 3/4 ready-to-wear length that offers you maximum freedom of movement. But that's not all - the conductive yarn grid ensures a typical point-to-point resistance  $R_{p-p}$  between  $10^6$  and  $10^7$  ohms, which guarantees maximum safety.

With 2 side pockets, press studs on the sleeves and the ESD logo on the sleeve, this ESD smock is not only functional, but also stylish and professional. The lapel collar, concealed button placket and row of buttons with fabric cover give the ESD smock a sophisticated look, while the long sleeves made of 63% PES, 33% cotton and 4% carbonized yarn offer maximum comfort.

The SafeGuard ESD work coat is not only ESD-compliant, but also ESD-certified - so you can concentrate fully on your work without having to worry about electrostatic discharge. Convince yourself of the quality and functionality of this ESD gown and treat yourself to the best for your electronics production. With SafeGuard you are always on the safe side!

- Unisex version
- 3/4 garment length
- Conductive yarn grid
- Typical point-to-point resistance  $R_{p-p} = 10^6 - 10^7 \text{ Ohm}$
- Washable up to 40°C
