

Optimum plugs

Optimum® plugs are precision molded from high-density polyethylene to fit perfectly into Nordson EFD cartridges and prevent air bubbles during filling and storage.

The precise fit allows for continuous and smooth piston operation and consistent results in fluid packaging and dispensing processes. Unique channels molded into the stopper vent trapped air and reduce or eliminate the need for centrifugation.

The double wiping edges of the stoppers eliminate liquid waste, reduce production costs and simplify the disposal of used cartridges.

Item no.	WL41151
Model	7012421
Manufacturer	NORDSON EFD

Manufacturer article no.	7012421
GPSR manufacturer data	Nordson Deutschland GmbH Kapellenstraße 12 DE-85622 Feldkirchen www.nordson.com
Sales unit	1 piece
Content unit	1 piece
Colour	white
Incl. battery	no
ESD compliant	no
