

## Concept ESD table top 1200x600

The Concept ESD table top 1200x600 from Treston is the ideal choice for working environments where electrostatic discharge (ESD) must be avoided. This table top, available from Weidinger.eu, offers a reliable solution for the protection of sensitive electronic components and devices.

The table top is specially designed to be ESD compliant to ensure the safety and integrity of your electronic components. With a size of 1200x600 mm, it offers sufficient space for various work tasks and is compact enough to be integrated into a wide variety of working environments.

Another advantage of the Concept ESD table top is its conditional resistance to solder and other chemicals. This makes it particularly suitable for workplaces where soldering work and the handling of chemicals are regularly required. The surface of the table top is also conditionally abrasion-resistant, which underlines its durability and resistance.

The Concept ESD table top from Treston is therefore an excellent choice for anyone who

needs a reliable and durable work surface that meets the requirements of modern electronic workstations. Visit [Weidinger.eu](http://Weidinger.eu) to find out more about this high-quality product and to equip your working environment in the best possible way.

<b>Item no.</b>	<b>WL41236</b>
Model	TT12060-ESD
Model line	Concept
Manufacturer	TRESTON
Manufacturer article no.	TT12060-ESD
GPSR manufacturer data	Treston Deutschland GmbH Frankfurter Str. 101 DE-65479 Raunheim <a href="http://www.treston.de">www.treston.de</a>
Length	1200 mm
Width	600 mm
Height	25 mm
Depth	600 mm
Sales unit	1 piece
Content unit	1 piece
Manufacturer colour information	light grey
Colour	light grey
Material	Semi-conductive laminated chipboard
Material (table top)	Laminated chipboard
ESD compliant	yes
