

WAVE LED ESD UV magnifying lamp, 3.5 dpt., 1.88x, black

Optimized for industrial applications, the WAVE LED magnifier luminaire from Vision Luxo provides excellent, shadow-free 3D illumination to simplify manufacturing, quality assurance, manipulation and general inspection tasks. WAVE LED offers shadow-free illumination and three-dimensional enlargement through one-sided controllable light from the left and/or right side. The three-dimensional function is particularly useful for inspections and rework on printed circuit boards and similar sensitive objects.

- Selectable left/right illumination
- 3D-illumination with controllable left/right illumination
- Efficient, dimmable three-step illumination of right and left LEDs
- LED UV version for special industrial areas (ultraviolet)
- Selection of secondary attachment lenses to increase magnification up to a total of 15 diopters
- High-quality crown glass lens for maximum clarity, precision and comfort.
- High quality flexible, self-balancing arms with table clamp
- Automatic shutdown function for energy efficiency

- 3-step dimmer: 0-50-100%
- Colour rendering index (CRI): Ra 80

item number	WL41639
model	WAVE-ESD-UV
manufacturer	VISIONLUXO
manufacturer item number	WAL026758
order unit	1 piece
content unit	1 piece
dioptries	3.5 dpt
Lamp or magnifier type	Magnifying lamp
arm length	1050 mm
focal distance	297 mm
colour temperature	4000 °K
power	13 W
magnification	188x
attachment	Table clamp
housing colour	steel arm, aluminium head, black
length cable	2 m
luminant	2 x 6W dimmable LED modules
protection class	20 IP
ESD safe	yes
